📄 PROFILE

AI Systems Engineer with 6+ years of experience designing production AI applications using LLMs, multi-agent systems, RAG, semantic memory, and Go. Experienced in building AI developer platforms, orchestration frameworks, and scalable frontend & backend services for enterprise workflows.

📜 CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals 
- Microsoft Certified: Azure Fundamentals 

🎓 EDUCATION

Bachelor of Engineering

RGPV University

06/2014 – 06/2018 | India

CGPA: **7.92/10**

🧠 SKILLS

AI Systems:

AI Agents, Multi Agent Systems, Enterprise AI, RAG, Semantic Memory, AI Evaluation, AI Observability, Prompt Engineering, MCP

Web Technologies:

JavaScript (ES6+), TypeScript, React.js, Redux, Jest, HTML5, CSS3, SASS

Backend Technologies:

Go (Goroutines, Parallel Processing), Node.js, Express.js, GraphQL, Docker, Kubernetes, Kafka, Nginx, Redis, REST APIs

Database:

MySQL, Firebase Storage, DynamoDB, MongoDB, PostgreSQL

Others

WCAG, AWS Services, S3, IAM, Firebase, Python, DSA, System Design

🏢 PROFESSIONAL EXPERIENCE

Servicenow

SDE III

05/2025 – Present

Tech Stack: Go, Python, AI Agents, LLMs, Agentic AI, RAG, MCP, Docker, Jenkins, Git

- **Filed a patent** for an autonomous AI agent framework enabling reliable automation across remote (Citrix/VDI) and local enterprise applications.
- **Designed and delivered an end-to-end AI migration workflow** that automated ServiceNow component modernization using specialized AI agents for code transformation, RLAIIF-based review, and automated test generation, reducing manual migration effort by ~70% and accelerating developer productivity.
- **Designed and built Amnilot**, an autonomous AI operations platform that automated enterprise defect investigations and customer case resolution through persistent memory, autonomous workflow execution, and secure tool orchestration, reducing investigation time from hours to minutes and significantly improving engineer productivity.
- **Partnered with enterprise customers and internal application business units** to design, develop, and deploy AI agent solutions by building reusable tools, skills, and workflow capabilities tailored to domain specific business processes.
- **Recognized with the LLAMA Award (Q1 2026)** for technical innovation and contributions to enterprise AI initiatives.

Flipkart

SDE II

03/2025 – 05/2025

- **Tech Stack:** Go, React.js, TypeScript, Redux, REST APIs, CI/CD
- **Owned the architecture and delivery** of the Flipkart Seller App within the Center of Excellence, driving scalability, performance optimization, and feature delivery for a high-traffic seller platform.

Amdocs

Software Developer

03/2022 – 02/2025

- **Tech Stack:** React.js, TypeScript, Redux, Java, Springboot
- **Led an enterprise proof of concept** that secured client investment and resulted in promotion to UI Lead.
- **Architected a micro frontend OSS platform**, improving page load performance by **35%** while enabling independent feature delivery across teams.
- **Received the Recognition Award and Employee of the Month** for technical innovation and leadership.

AAIC (Startup)

Software Engineer

06/2021 – 03/2022

- **Developed and scaled** an e-learning platform, improving user engagement by **40%** and platform performance by **30%** through frontend optimization and scalable architecture.

Freelancer UI Developer

2021 – 2022

- **Delivered production web applications** for clients by implementing secure authentication, integrating real-time communication, and addressing application security vulnerabilities.

Cognizant

Programmer Analyst

12/2018 – 04/2020

- **Optimized a high-traffic React application**, reducing page load time by **15%** and increasing user engagement by **20%** through performance engineering and frontend optimization.

🔧 INTERNSHIPS

Summer Trainee

Tata Motors

06/2017 – 07/2017

- **Automated** BIW & Trim Line QA workflows, improving **CTR** by **7%**.

Summer Intern

Bosch Paramobile

07/2016 – 08/2016

- Developed product tours with **React** for a new feature, **improving customer adoption by 25%**.
